

Chess Paper Art Objects by Elke Rehder

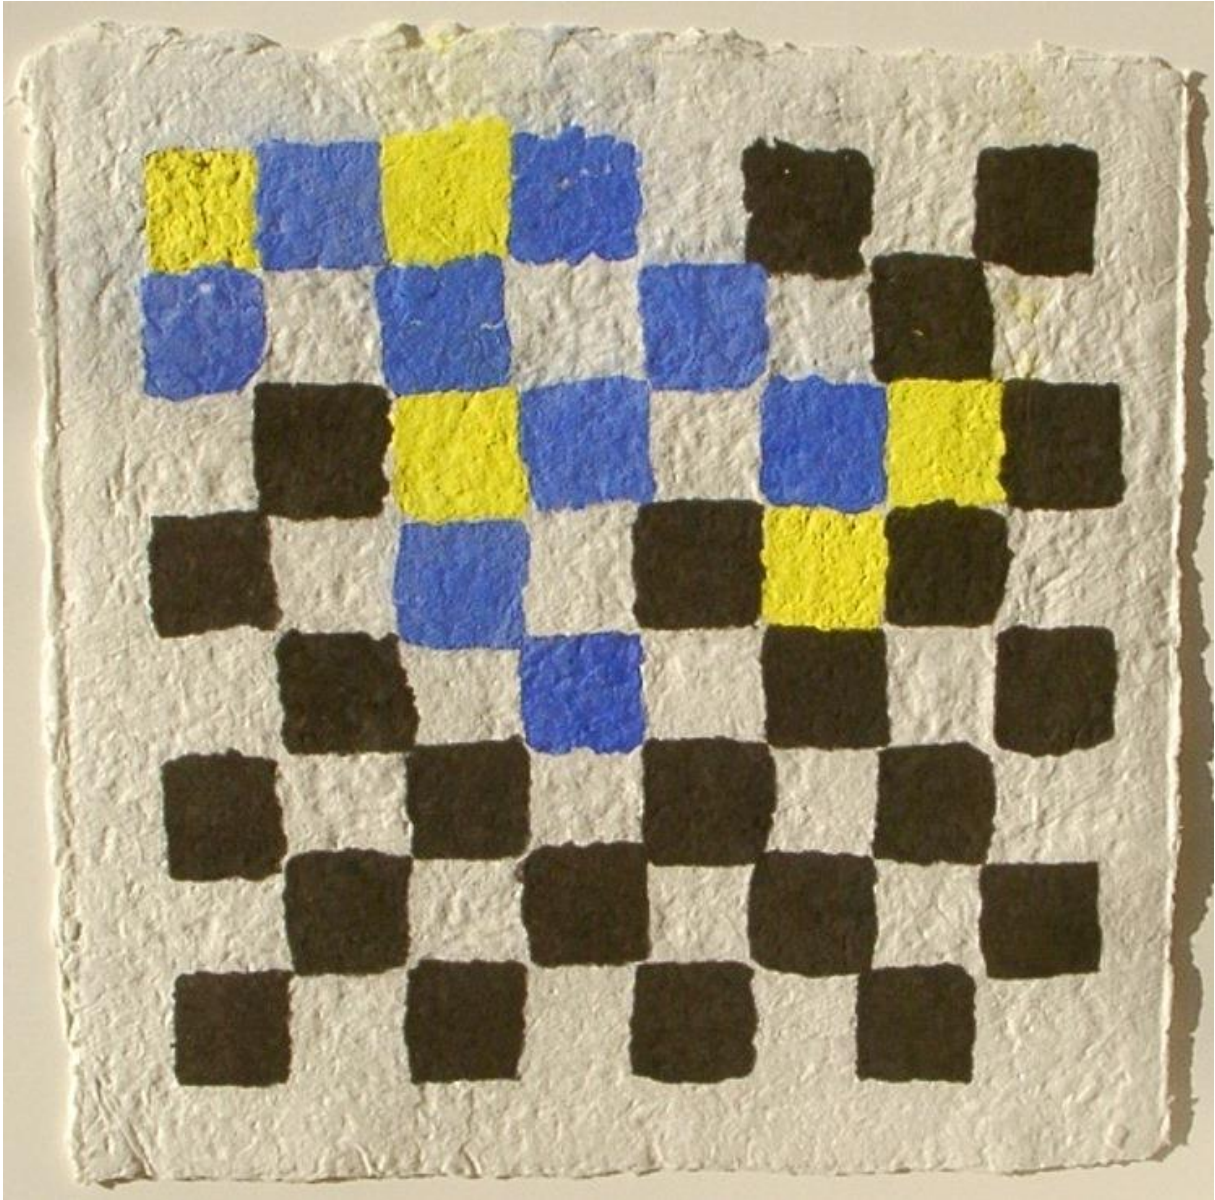

Several paper art objects were created by the German artist Elke Rehder and also some on chess. A good example for this are the four different chessboards of handmade paper

The Great Lalula

*Kroklokwapfzi? Semmemmemi!
Seiokrontro - prafriplo:
Bifzi, bafzi; hulalemmi:
quasti bast bo...
Lalu lalu lalu lalu la!*

*Hontraruru miromente
zasku zes rü rü?
Entepente, Leiolente
klekwapufzi lü?
Lalu lalu lalu lalu la!*

*Simarar kos malzipempu
silzuzankunkrei (;)!
Marjomar dos: Quempu Lempu
Siri Suri Sei []
Lalu lalu lalu lalu la!*

It has been interpreted in this poem always too much into it. Nor is a secret language. Many people think that this is nonsense.
